Independent Auditors' Report

To the Director
of the Court Services and Offender Supervision Agency:

We have audited the accompanying balance sheets of the Court Services and Offender Supervision Agency (CSOSA) as of September 30, 2007 and 2006, and the related statements of net cost, changes in net position, and combined statements of budgetary resources (hereinafter referred to as "financial statements") for the years then ended. These financial statements are the responsibility of CSOSA's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Office of Management and Budget (OMB) Bulletin No. 07-04, *Audit Requirements for Federal Financial Statements*. Those standards and OMB Bulletin No. 07-04 require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CSOSA's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Court Services and Offender Supervision Agency, as of September 30, 2007 and 2006, and its net costs, changes in net position, and budgetary resources for the years then ended in conformity with U.S. generally accepted accounting principles.

The information in the *Management's Discussion and Analysis* section is not a required part of the financial statements, but is supplementary information required by U.S. generally accepted accounting principles and OMB Circular A-136, *Financial Reporting Requirements*. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of this information. However, we did not audit this information and, accordingly, we express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued reports dated May 7, 2009, on our consideration of CSOSA's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of those reports is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. Those reports are an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in assessing the results of our audits.
